ABOUT COG-OT

COG-OT is free at the point of demand.

The occupational therapists behind the tool, work in digital and clinical settings and are trained to carry out patient safety assessments of technology, so share a wealth of knowledge to support the challenges this area of practice can bring.

Since 2020, when the basic tool was piloted, a version has been created with new features, to trial in an evaluation project.

Select some topics to focus on:

e-Safety	Routine Habits
Performance	Socioeconomic
Wellbeing	Technical
OT Practice	Therapy

So, what's in the site?

The online tool has a clickable guide that helps you filter your areas of interest and generates an aide memoire to guide your assessments and intervention planning. This list of questions can be downloaded to keep.

Resources & more....

Access to guidance, competencies & Audio visual guides.

About COG-OT

How to use the app +

About the app +

Welcome to COG-OT, Clinical Onboarding Guide for Occupational Therapists. +

Copyright and CC license information +

How to add the app to your home screen −

iOS - Open the weblink in Safari. At the bottom of the browser tap the save icon (square box with an arrow pointing out of the top). Then in the pop up box scroll down to untill you see 'Add to Home Screen' tap to add.

Android - Open the weblink in Chrome. At the bottom of the screen you should see a buttom/link that says 'Add to Home Screen' tap to add. The exact wording and location of this link may vary from phone to phone.

Risk & Quality: Technology in practice +

Privacy, Terms & Conditions and Cookies Policy +

Here is an example of one of the films the team are using as part of the evaluation study: COG-OT+

![COG-OT logo] COG-OT — SUPPORTING DIGITAL GOALS

- ✓ Article due to be published in a peer reviewed journal in 2023

- ✓ Topics underpinned with MOHO, digital safety standards and quality improvement

- ✓ Competencies aligned to regulatory and best practice standards

HOW CAN I ACCESS IT?

The team are working hard to create a tool open to all occupational therapists so get in touch if you would like a demo/more information and we will keep in touch!.
